## Intro

One, Two, Three, Four

## 1<sup>st</sup> Verse

There's a girl who lives down the street Always been such a mystery  
Her pretty curls and her finery She al-ways fascinated me  
She's lives just a little too far It's like she's on a distant star  
Farther than wherever we are The Himalayans the Kasbah ooh ya

## 1<sup>st</sup> Chorus

Little Scarlett won't ya come out to play with the other children today  
Were just waiting to hear what you'll say Little Scarlett will you come out  
Please don't make us wait too long We might not hang around  
Love to have you tag along Little Scarlett come before were gone ooh, ooh, ooh, ooh

## 2<sup>nd</sup> Verse

When she's around all the other boys Say she's so clever she's so coy  
The other kids say she thinks she's too good I believe - she's misunderstood  
She lives - all alone on her block She keeps her secrets - under key and lock  
Hidden treasures are inside her heart That little girl - has a lotta spark Ya, Ya

## 2<sup>nd</sup> Chorus

Little Scarlett won't ya come out to play with the other children today  
Were just waiting to hear what you'll say Little Scarlett will you come out  
Please, don't make us wait too long We might not hang around  
Love to have you tag along Little Scarlett - come before were gone ooh, ooh Yeah

## Bridge

A little child lives inside her still full of spunk and daffodils  
Holding hands like Jack and Jill riding on blue a windmill  
I Dream't I saw her walking up a hill Hand and Hand - Jack and Jill  
Dropped a bucket took a spill broken heart and a fractured will Ooh, Ya, Ya, Ya

## 3<sup>rd</sup> Verse

She's built a tower - high above to shelter all - she's come to love  
Her wit is sharp her mind is keen Her real emotions are rarely seen  
She's cast a spell around my heart Though we must always be apart  
I'm too different she's too smart That little girl is a work of art ooh ya

## 3<sup>rd</sup> Chorus

Little Scarlett won't ya come out to play with the other children today  
Were just waiting to hear what you'll say Little Scarlett won't you come out to play  
Please don't make us wait too long We might not hang around  
I'd love to have you tag along Little Scarlett come before were gone ooh ooh Ya  
Scarlett, Scarlett, Scarlett
